

# ADVANCED LATHE TOOLS, LLC

## PRICE LIST, JANUARY, 2017

### Boring Bars

¾" (12" capacity)	135.00
1" (16" capacity)	175.00
1 1/8" (24" capacity)	245.00
1 ¼" (33" capacity)	295.00

### Boring Bar Support Systems

Small (10" - 11" Lathes)	135.00
Medium (for 11" - 16" Lathes)	150.00
Large (For 17" - 25" Lathes)	160.00

### Center Steadies

10" (2" wheels)	255.00
12" (2" wheels)	310.00
16" (2" wheels)	375.00
20" (3" wheels)	425.00
24" (3" wheels)	470.00

(Riser blocks may be used for other lathe sizes)

\$35.00 for HDPE, \$55.00 for steel riser blocks	
2" Wheels with bearings	65.00
3" Wheels with bearings	75.00
2" Hall Wheels, set of 3	85.00
3" Hall Wheels, set of 3	95.00

### Tool Rests

Boring Rest (flat top w/guide pin)	50.00
Standard 3" (1" post)	45.00
Standard 6" (1" post)	55.00
Standard 9" (1" post)	70.00
Standard 12" (1" post)	75.00
Standard 14" (1" post)	95.00
Standard 16" (1" post)	115.00
Standard 22" (1" post)	135.00
Mini 3" (5/8" post)	40.00
Mini 6" (5/8" post)	45.00
Mini 9" (5/8" post)	55.00

### Lasers

Laser Assembly (24" or 36" beam)	175.00
----------------------------------	--------

### Traps

¾ Trap (Non-adjustable, 5/8" post)	95.00
Universal Trap (3/4" - 1 ¼", 1" post)	185.00
Heavy Duty Universal Trap	210.00

### Munro Parts

Munro Hollower II Set HSS	175.00
Munro Hollower II Set Carbide	195.00
Extra Link	45.00
Adapter for 5/8" Dia.	15.00
Adapter for ½" Dia. (3/4" Bar)	15.00
9" Extension Adapter (5/8" Dia.)	25.00
Carbide Cutter	21.00
Torx Screw for Carbide Cutter	7.00

### HDPE Cone Centers

Cone Center Set (3 pc, 1" - 6 ½")	50.00
Small Cone Center (3/4" - 2 5/8")	15.00

### Miscellaneous

3/8" Adapter, ½" Shaft	15.00
3/8" Adapter, 5/8" Shaft	15.00
5/8" Shaft Collar (single split)	5.00
15/16" Shaft Collar (single split)	6.00
1" Shaft Collar (single split)	6.50
Sm. Teardrop Scraper Assy, (1/2" shaft)	25.00
Sm. Teardrop Scraper (Sorby RS222)	12.00
Lg. Teardrop Scraper Assy. (5/8" shaft)	32.00
Lg. Teardrop Scraper (Sorby RS200C)	18.00
Colt Maxicut Bit Adapter	35.00
5/8"-1" Adapter Sleeve	25.00
Woodcut Power Head Complete	65.00
#1 Hunter Tool, 3/16" square shank	65.00

<b>Complete Small Set (for 10"-14" lathes)</b>	<b>375.00</b>

# ADVANCED LATHE TOOLS, LLC

## Average Depth Capacities for Advanced Lathe Tools Boring Bars:

Boring Bar capacities are dependent on many factors. The most important are the species of wood, moisture content, type of cutter or scraper, amount of edge presented to the wood, and lathe speed. The following capacities are provided for purposes of comparison, and actual capacities may vary greatly. Lengths are nominal. Single length is from the front end of the bar to the point of doubling.

BAR	DEPTH CAP.	LENGTH
3/4"	12"	(32" long, 8" single length)
1"	16"	(44" long, 10" single length)
1 1/8"	24"	(58" long, 12" single length)
1 1/4"	33"	(78" long, 14" single length)

## Advanced Lathe Tools Boring Bar Support Systems Height Ranges (top of rest):

Allow for the thickness of the boring bar. Cutters generally are mounted on the center of the diameter or thickness of the bar.

Small	4 1/4" – 5 5/8" (10" – 11" swing)
Medium	5 1/8" – 7 7/8" (11" – 16" swing)
Large	8" – 13 1/2" (17" – 25" swing)

## Maximum Diameter Capacities for Advanced Lathe Tools Center Steadies

10"	8 1/2"
12"	10 1/4"
16"	13 3/4"
20"	17 1/4"
24"	20 1/4"

## Horizontal Swing Widths of Advanced Lathe Tools Traps

5/8" Mini Trap, fixed slot, 5/8" post	10"
3/4" Trap, fixed slot, 5/8" post	16"
Universal Trap (1" Bars), 3/4" to 1 1/4" slot, 1" post	23"
Heavy Duty Trap (1 1/8" Bars), 3/4" to 1 1/4" slot, 1" post	26"

## Advanced Lathe Tools HDPE Cone Centers

Cone Center Set, 3 piece, 1" to 6 1/2" diameters  
Small Cone Center, 3/4" to 2 5/8"
